Abstract: *The abstract of your paper in italic. Please summarize here what is original in the paper: methods, results, etc. The abstract should summarize in a few sentences what the readers and the reviewers can find in your paper. Please notice that several databases may incorporate your abstract without change, and that your paper can be retrieved from it.*

Keywords: keyword1, keyword2, keyword3, other keywords.

PACS 2010: xx.yy.ab, zz.tt.cd, etc. *Apply always the latest updated version and update year 2010 when needed.*

MSC 2010: xxAyy, zzBtt, etc. *Apply always the latest updated version and update year 2010 when needed.*

1 INTRODUCTION

Introduction, state of the art, etc. Please realize that the readers of the Symmetry Journal are not necessarily experts in your field. Please cite exact references and list them in alphabetical order¹. Citations are done by author and year, e.g. (Dissymmetrist, 1989b). Text text text text text text text. Text text text text text text text text text text text text

Acknowledgements

If you wish, you may express thanks to any colleague, peer, etc., who contributed to your paper with advices, ideas, comments, corrections or any concrete professional or technical assistance. Acknowledgement to the reviewers should be avoided, (unless they contributed essentially to change the scholarly content of the paper). Please avoid titles like Prof., Dr., etc.
